Dear Parents, Guardians, and Community Members:

Welcome to teacher appreciation week! This is a unique year, to say the least. I'd like to start by thanking you as parents, guardians, and community members for everything you are doing to support student learning while we are on dismissal and remote learning is taking place. I'd also like to encourage you to join me in reaching out to thank our faculty and staff for the tremendous work they have already done and will continue to do this year. The work they are doing to transition learning from a site-based/face-to-face environment to a remote learning environment with synchronous and asynchronous learning opportunities, which are both high quality and equitable, is nothing short of heroic. We are truly in this together. I can't tell you how far a quick note of thanks from the community goes to keep faculty and staff spirits up.

Community Google Hangout:

As you know, every Wednesday evening- for the remainder of the year- I've scheduled an opportunity to talk with community members who have questions, concerns, or just want to talk via a Superintendent/Community Google Hangout. **This week's Hangout is Wednesday, May 6, 2020, beginning at 6:00 p.m. and will be a little different. I am planning to record the Google Hangout and will ask participants to share a thank you to faculty and staff.** If I can get enough people to join I'll edit the video from the meeting to create a "Teacher Appreciation" video to share with faculty and staff. I really need the communities' help to pull this off. I hope you'll consider joining me for this project. The information to join the meeting is below:
