

## SEARCH AND SEIZURE OF STUDENTS BY SCHOOL PERSONNEL

### **Searches of School Property**

The school retains the right to search its property at any time. Desks, lockers, textbooks, computers, and other materials or supplies loaned by the school to students remain the property of the school, and may be opened, inspected and searched by school employees at any time. Students should have no expectation of privacy with respect to school owned property.

### **Search and Seizure of Student and Student Property**

Searches of students persons, personal effects and vehicles <sup>[1]</sup> may be conducted where there are reasonable grounds for suspecting at the time of initiating the search that the search will reveal evidence of a violation of law or of school rules.

The superintendent or designee shall ensure that all searches of students and all searched and seizures of student property are conducted in a manner that complies with state and federal constitutional protections against unreasonable searches and seizures of students and student property in schools.

Copies of this policy will be included in the student handbook given to students and parents at the beginning of each school year.

*<sup>[1]</sup> Schools may obtain blanket permission to search vehicles that students drive to school and park in the school parking lot by requiring parents and students to consent to such inspections as a condition of obtaining a permit for parking on school grounds. Without consent of this sort, school officials who wish to search student vehicles need reasonable suspicion that the search will provide evidence of a violation of law or school rules.*
