

## Terms of Medical Plan Cash-in-Lieu Payment

Employees eligible to enroll in the Grand Isle Supervisory Union and its member district's VEHI BCBSVT Health Plan electing to waive coverage under the plan may be eligible for an annual Cash-in-Lieu (CIL) payment. This CIL payment is outlined in the Contractual Master Agreement or individual contract the eligible employee is covered by.

To be eligible for the CIL payment the employee, spouse, if any, and all eligible family members who are tax dependents of the employee must be covered by other permissible group health plan coverage. Federal tax law prohibits a CIL payment to employees, and/or to their spouse and other family members, covered by an **individual** policy of health insurance, including individual policies on Vermont Health Connect. Please be aware that Section 4 of Act 7 amends 16 V.S.A. §2103 (f) prohibits a school employee as defined in §2101 from receiving a CIL if the employee obtains their health care benefits from a school employer as defined in §2101.

*Other permissible group health plan coverage:*

- (a) another employer's group plan; however, employees will not be eligible for a CIL payment if the employee is simultaneously receiving health care benefits from the same or another school employer,*
- (b) a spouse's health benefit plan (unless the spouse's health benefit plan is through another school employer), or*
- (c) certain governmental plans, such as Medicare Part A, CHIP (Children's Health Insurance Program), Medicaid, and most TRICARE coverage for military veterans.*

Employees are required to certify the employee, spouse and any dependents eligible under the Grand Isle Supervisory Union and its member districts are all/is enrolled in other permissible health plan coverage. The Grand Isle Supervisory Union has the discretion to determine whether an employee must provide proof of other medical plan coverage. Proofs of enrollment in other medical plan coverage include member identification cards, a letter from an insurance company or health plan, a copy of enrollment information, or a letter from another employer attesting to enrollment in that employer's health plan. All proof of enrollment must show the applicable coverage period.

Employees who do not provide the required certification or required proof by October 29, 2021 will not be eligible to receive the CIL payment for the plan year.

The employee must provide the certification of other medical coverage (certification form attached) within the following deadlines:

- New hires must provide the certification of other permissible group medical coverage within 60 days of hire.
- At annual enrollment, the certification of other medical coverage must be provided by October 29, 2021.
- If an employee or employee's family member experiences a Special Enrollment or other change in status (explained below) and the employee then makes a mid-year election to waive coverage under the Grand Isle Supervisory Union and its member district's coverage consistent with Employer's cafeteria plan, notice and proof of enrollment must be provided within 60 days to be eligible for the CIL payment.

To obtain the monthly CIL payment, a full-time employee **must** also complete and sign the attached certification form.

## Group Medical Plan Waiver Form for Plan with Conditional Cash-in-Lieu Payment

### Special Enrollments

If you are declining enrollment for yourself and/or your tax dependents (including your spouse) because of other group medical coverage, you may be able to enroll yourself and/or your dependents in this plan if you or your dependents lose eligibility for that other coverage or if the employer stops contributing towards you or your dependent's coverage. In addition, in order to claim special enrollment rights for you and your dependents, you must complete this form indicating that the other coverage is the reason you are waiving coverage under this plan **and** you must request enrollment within 30 days after your other coverage ends or after the employer stops contributing towards the other coverage.

Finally, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and/or your dependent(s), even if you waived all coverage under the health plan for your entire family. However, you must request enrollment within 30 days after the marriage, birth, adoption or placement for adoption. To request a special enrollment or obtain more information, please contact Megan DeVinny, Human Resources at [mdevinny@gisu.org](mailto:mdevinny@gisu.org) or (802)372-6921 ext. 2002.

### Cash-in-Lieu Payments

**To be eligible for the CIL payments offered by your employer if you waive all medical coverage under the plan, you must attest that you and your tax dependents are enrolled in other permissible group health coverage that is not individual medical insurance; in addition, you are not eligible to receive the CIL payment if you are simultaneously receiving health care benefits from the same or another school employer.**

I elect to waive medical plan coverage and receive a Cash-in-Lieu payment. I have listed the other permissible health plan coverage in which my eligible family members (tax dependents, including spouse, if applicable) and I am/are enrolled.

Family Member	Name	Coverage Name	Effective Date
Employee			
Spouse

*(If you have additional dependents, please use the reverse side of this form to enter the information requested above.)*

I understand that by not enrolling in plan coverage now, the opportunity to enroll later is limited as explained above. I also understand my eligibility to receive the CIL payment requires my family members (spouse and tax dependents) and I **remain enrolled in other permissible group health plan coverage** (that is not individual health insurance). I agree to notify Megan DeVinny, Human Resources, within 30 days if one or more of my family members or I lose the coverage identified above.
